

Teacher:

Name:

Hello, Crestline parents and students! My name is Stephanie Roden, and I am Crestline's librarian! This year offers some new changes thanks to your support with the Happy Camper Book Fair. This was a great fundraiser for the library and helped us expand our book collection and add a newsroom to the library. I hope to see you at **Open House on September 10th** to see the new changes! Look for our smaller **book fair from September 11-15th** and our book fair extravaganza the week of **February 3rd!**

You can also sign up for Remind through the library, a text message service that will remind you of important library events as they arrive. To sign up for Remind, text the remind code to 81010.

Remind Codes:

- Kindergarten - @rodenkindy
- First - @roden1st
- Second - @roden2nd
- Third - @roden3rd
- Fourth - @roden4th

As part of the library program, students check out books on a regular basis. Kindergarten through second grade students may check out one book at a time. Third and fourth grade students may check out two books at a time. I encourage the students to take their books home to share with you. When returning books and/or audio books with CDs, they should be in the same condition as when they were checked out. *Books that are lost or damaged become the responsibility of the student/parents/guardians. New: Per new central office bookkeeping rules*, please note that if you lose a book and pay for it and find it after the fact, you will not be refunded. You now own the book. Make every effort to find a book before paying.

I look forward to this year! Thank you for encouraging your child to read and love literature!

Stephanie Roden  
Library Media Specialist
