

2018-2019 6th Grade Vaccination Requirements

Hartselle City Schools

ATTENTION: Parents of 5th grade students

Vaccination required for all students

Entering the 6th grade for 2018-2019

This letter contains important information about the TDaP IMMUNIZATION REQUIREMENT FOR 6th GRADE ENTRY.

All students entering the 6th grade for the upcoming school year must show proof of the TDaP immunization by presenting an updated Alabama Certificate of Immunization.

The TDaP vaccination provides protection against tetanus, diphtheria, and pertussis (whooping cough), a highly contagious disease that can be severe or fatal, especially in very young children.

Your doctor or other health care provider can arrange a TDaP vaccination for you and should provide the updated Alabama Certificate of Immunization at the time of your child's vaccination. You can also visit any health department to receive the TDaP vaccination.

Every student entering the 6th grade must have documentation of receiving the TDaP vaccination in order to return to school on August 7, 2018.

Thank you for your assistance in maintaining a safe and healthy learning environment for all our students.
